Live music from:
Steele & Ogelvie

They Call Me Piano

Jason Ager

Juliana has endured more in her 19 years than most people will in a lifetime. Juliana was born with ARPKD/CHF. At the age of 16 she was also diagnosed with Alopecia Universalis/Totalis. She has already had one kidney transplant, but is again in Stage 5 Renal failure and in need of another kidney transplant immediately. For more of Juliana's story please visit www.giveforward.com and search Juliana Abel
